EXPERIENCE

Back End Developer   Jun 2020 - Present
Apertech ERP Solutions LTD, Baku
• Currently, I am providing support for 7 web projects, focusing on both the addition of new features and the resolution of errors
• By implementing patterns like Unit of Work and Repository Design, I ensure efficient data management and access
• Maintained version control of source code using Git repositories.
• Deployed updates, patches, bug fixes and new features to production servers.
• I am an experienced Back-End Developer specializing in the ERP (Enterprise Resource Planning) sector

Back End Developer   Aug 2019 - Jun 2020
Protech Solutions LTD, Baku
• I facilitated the streamlining of operations for existing insurance types and the integration of new functions
• One of the results of this work is that insurance certificates started to be created in electronic form in a short period of time
• The company cooperated with Pasha Insurance
